Term 1 Week 8

Monday 18th March 2019

## Learning for all at Morgan Street

Welcome to the eighth week of Term One! As always we look to commence our new week of learning in a positive manner but we also need to consider the tragic events that occurred late last week in Christchurch, New Zealand. Our thoughts and best wishes are with our New Zealand friends and families. At times like these it can be difficult to potentially understand feelings that are provoked or the magnitude of the situation. As a school if we can assist in any way then please do not hesitate to let us know.

Two of our students recently returned from their Aurora Opportunity Class Residential. Eva Vigar and Esther Wenham spent time with their year six peers from their virtual class in Sydney. The girls had a wonderful time connecting and learning.

We are always on the look out for volunteers to assist in classrooms, with events and in the garden. If you are interested please contact your class teacher or the front office to find out requirements.

Tonight in the 3-6 Staffroom at 7pm will be our Annual General Meeting for our P&C, this important organisation provides much needed assistance to our school. All members of our school community are welcome to attend.

Have a wonderful week of learning!

Thought for the week: *"Life moves pretty fast. If you don't stop and look around once in a while, you could miss it."* **Ferris Bueller**

## What is The Big Veggie Crunch?

Only around 5% of NSW children eat enough vegetables. To help our community do better, our school will be taking part in The Big Veggie Crunch (part of Vegetable Week) at **10am on Thursday 4<sup>th</sup> April**.

Primary schools across NSW will be joining together to break the record for the most students crunching vegetables simultaneously. Last year 50,260 students crunched together.

## What can you do to help?

Pack a container of vegetables for your child to eat on

**Thursday 4<sup>th</sup> April**

Keep serving up the vegetables at home and in your children's lunchboxes!

*If you require more information on what activities our school is doing over Vegetable Week, please contact your child's teacher.*

Congratulations to Silas Torney who won Player of the Final at last Friday's League Tag Gala Day.

Well done, Silas!

## League Tag Gala Day

*On Friday, the Morgan Street League Tag Teams went to the Alma Oval to compete in the Gala Day. They competed against six other schools from Broken Hill and Menindee. The junior and senior teams played well showing their true Morgie spirit. The junior team went through the tournament undefeated and won their grand final.*

*Both of the senior teams put in an outstanding effort and Morgan Street 1 made it through to the semi-finals where they played an amazing game against Central School unfortunately just missing out on their place in the final.*

*It was a fantastic day and everyone put in their best effort. Well done to all teams!*

## STAFF SPOTLIGHT

Mrs Sophie Weathersbee

### What is your role at MSPS?

My role is in the school welfare team; working across K-6 with staff and students, to provide support for student wellbeing. I am one of the facilitators for the DRUMBEAT program, and will be helping Mrs Winders with the percussion group for Morgie Muso's this year. You will also find me in the 3-6 playspace at lunchtime, and helping run different activities across the school.

### How long have you worked at MSPS?

I have been at MSPS since July 2017.

### What's your favourite thing about working at MSPS?

Definitely all of the staff and students! Everyone is incredibly supportive of each other and constantly work towards providing the best environment for students, not just with their learning but as a holistic approach.

### Tea or Coffee? – Why?

I like my tea, but am very fussy with the amount of different flavours available. I absolutely detest anything coffee flavoured!

### What would you do (for a career) if you weren't doing this?

In my fantasy career, a product tester. I have always wanted to know if all of the different products available, especially on TV, actually work!

### What is something about you that not many people know?

I attended 4 different schools growing up, including being home-schooled for 5 years. I am also a high school history teacher, run a youth mentoring program, and I am currently studying my 3rd university degree, completing my Masters of Counselling. I am a self-confessed life-long learner!
