Term 4 Week 5

Monday 12th November 2018

### Learning for all at Morgan Street

*Can you believe that we are into Week Five already? The term is absolutely flying along and there are lots of exciting opportunities organised for all of our PROUD Morgies.*

*It is with great pleasure that commencing this week will be our Primary Health Care Registered Nurse, Mrs Karen Harding-Smith. Karen will be working at our school each Thursday and Friday. Over the next 3-4 weeks she will be conducting a School Health Profile to guide some of our work leading into 2019. Karen's role has three main focus areas: Health Assessments, Health Education and Health Promotion and Case Support. The nurse positions are a result of a collaboration between Far West Local Health District, NSW Department of Education and the University Department of Rural Health. A little about Karen: "have worked in the UK and Australia within Pediatric Nursing for the past thirteen years and I have called Broken Hill home for the past four years. I am passionate about helping children and families with their health and well-being and am looking forward to working with you all. I hope that I can assist every child at Morgan Street School to improve and maintain their health."*

*Last week as part of our Melbourne Cup Mufti Day a cupcake fundraiser was run by Madison Stuchbery for her 4W Genius Hour project for drought relief. As a school we decided to donate the Mufti Day funds to Madison's endeavours. Her total raised through the Mufti Day, Cake Stall and Lucky Square board is over \$1500, the final amount is still being finalised as donations are still coming in. Well done Madison on leading the way to support such a worthy cause! Her charity of choice has been Drought Angels.*

*Have a wonderful week of learning!*

**Thought for the week:** "Don't wait for things to get better. Life will always be complicated. Learn to be happy right now, otherwise you'll run out of time."

## PROUD NEWS

*These K-2 students were being **PROUD Morgies** in the playground this week and playing safely and sensibly.*

## 3RD ANNUAL SNAIL RACE

Our annual Melbourne Cup Snail Race was a massive hit with our junior members this year. For a gold coin donation, students could enter their snails and try their luck at the slowest race known. Congratulations to Kai McCardell whose snail slowly raced over the finish line first.

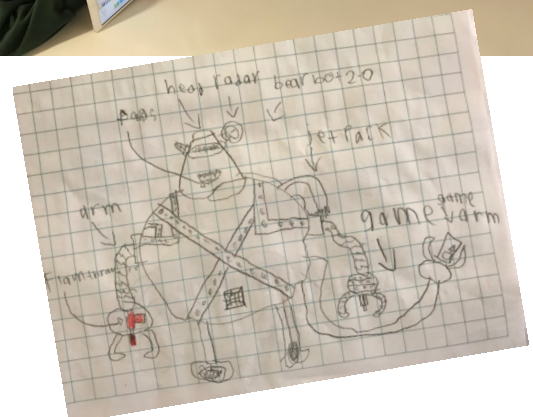

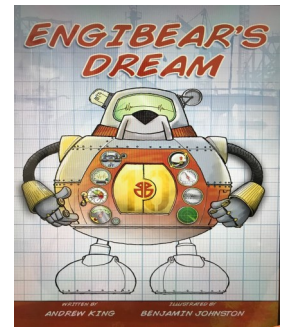

# 1 KA

We have had an amazing busy start to term 4 already. We have enjoyed participating in lots of fun activities, such as the Teddy Bears Picnic, NAIDOC Day, concert practice, outdoor classroom day and swimming.

In the classroom we have started to learn about computer coding and how this relates to every day. First we read the book by Andrew King, “Engibear’s Dream” and then designed our own robots.

Next we started to code using Scratch Jr.
